everybody longed for falled to put in at

appearance.

The White Stockings began their scoring in the first liming. Hoy sent a double to left and scored on McFarland's single in the same direction. The latter took section the same direction and came home. BROKE EVEN AT CINCINNATI. Pitchers Poorly Supported by the ond on Mertes' ect at first and came home on a wild pitch. Another run was added CINCINNATI, Sept. 77.—The Cincinnatis and the Bostons broke even teday in two ard-fought games. All the pitchers did n the third. McFarland was safe on Coughlin's error. He was forced at second, but Mertes' reached first and scored when Foster sent the ball to left centre good work, but were handleapped by the ostly errors of their support. A must by for three bases. They went out in order in the next inning, but in the fifth, Hoy started off with his second single of the Rickert in the tenth inning lost the first

game for Boston, while Harley's muff allowed Tenney to score the only run in game. McFarland bit to Clingman, who touched second, putting out the dummy. He threw to first in time to catch Mcthe second game. Darkness stopped the touched second, putting out the dummy. He threw to first in time to catch McFarland, but Grady muffed the bail. McFarland was caught a moment later in an attempt to steal second. Mertes was given four bad ones and then Hartman bent the bail to right for three bases. He scored on Foster's single. After one had gone out in the sixth, Shugart hit for three bags and scored on Sugden's pop-fly between second and short.

The Senators were unable to bunch their hits in any inning. Grady made the first run for the lecals when he sent a long high fly to left that scaled the fence and Mike' walked leisurely around. In the fourth Coughlin sent a fly to right and it bounded over Foster's head, Coughlin making the circuit of the bases before "Fog" could return the bail. Farrell hit safely to center in the fifth, went to second on Dungan's single, took third when Clarke was hit with the ball, and came home on Coughlin's out to Hoy. Washington scored snother run in the seventh. Farrell reached first on labell's muff of Hartman's throw, went to second on Dungan's out and came home when Clarke hit for a base.

Today there will be bargain ball for the last time this season. Two games will be played with Chicago, for which but one admission will be charged. The first game will be commenced at 1:20 o'clock. The American League season will close today in the various cities, and although Chicago has won the pennant, the last games will doubtless be just as hotly contested as though the ball year was in its opening month. econd game in the ninth. BROKE A WORLD'S RECORD

Oscar Babcock and His Partner Cover a Mile in 1:21 Flat.

Fastest Time for the Ustance Ever Made on a Cycle Course-Large Crowd Wildly Excited by the Dar-

Oscar Rabcock, with his steering parter. Thompson, last night at the local coliseum track captured a world's record, and in doing so rode the fastest mile ever covered on a cycle course. The distance was done in 1:21 flat, which is phenomenal time. The best time for the distance un-til last night was 1:252-5. The record was thi last night was 1,32-3. The record was established on McNachern's "Blue Flyer."

The racing card was one of the best ever prepared by the Collseum management, and attracted a crowd of 2,000 people. The features of the evening were the motor machine races. Four of the fastest motors in the country were competi-tors and the four events were of the most sensational order. In the five-mile con-solation heat Hunter and Bennett, on Johnny Nelson's motor, established a sixlap track record for a mile, going the distance in 1:5. The time made for the ten miles by the Babcock-Thompson machine was remarkable, the figures being 15:32. In the five-mile amateur lap race E. L. Wilson captured the record for the Dis-trict for the distance and won the Na-

The motor race was for a purse of \$300, and all of the competing teams went out for the money. The big 500-pound machines shot around the bowl at a rate of speed which kept the spectators breathless. The excitement was intense at all times and during the dare-devil finishes the crowd was yelling frantically. Nothing so exciting has ever been seen in this city, and it is doubtful if the sport will continue long as the danger is too great. The motors whirled up the steep banks and shot around curves with the riders seated at an angle which promised almost certain falls at every turn. That actidents were avoided is a tribute to the skill and fearlessness of both steerers and motormen.

certain falls at every turn. That accidents were avoided is a tribute to the skill and fearlesaness of both steerers and motormen.

The fastest machines in the country were matched against one another, as were the best pacemakers in the world. Those who rode last night included Zimmerman, Thompson, Babcock, Scherer, Marble, Bennett, and McFeeters. The final ten-mile heat was a lap race; the machine being ahead the largest number of laps getting the race. Thompson and Babcock won by forty-one laps.

The machine races were run off in two five-mile preliminary heats; a consolation linal of five miles to decide third place and a final between the heat winners at ten miles. That the motor machine races have taken a strong hold in this city was demonstrated by the large crowd present and by the excitement which prevalled at all times. The element of great danger seemed a secondary consideration to the spectators, who cheered and yelled as the flying motors strove to pass one another at terrific speed.

Johnny Nelson's "Yellow Boy" motor, which caused the little Swede's death at Madison Square Garden, was an object of interest as were the riders who had the mount at the time of the fatal accident. Hunter and Bennett, who rode the machine, put up some weaderful time in spurts and were accorded a great ovation. The other contesting machines were the Washington Royal Blue machine, and the Canadian Express. The latter motor had never appeared on this track before and was watched with interest, as it holds a number of records.

The five-mile amateur event was a good contest; and aroused great enthusiasm. The summaries follow.

Motor machine race—First five-mile heat won by Scherer and Marble from Zimmerman and McFeeters by two inches. Time, 7:273-5.

Third five-mile heat won by Bobock and Thompson from Scherer and Marble from Zimmerman and one-half laps. Time, 15:33.

7:32 2-4
rund ten-mile heat won by Babcock
and Thompson from Scherer and Marble
by one and one-half laps. Time, 15:23.
Five-mile lap race for District amateurs
-First heat won by John Hill; A. Messineo, second; Clarence Miller, third.
Time, 11:45:2-5.
Second heat won by E. L. Wilson, Ray

Tune of 10 to 1. Having raked together what he thought

to be a crackajack team, and nursing several old grudges against the nine manipulators of the tabulating machines composing the team of the Census Office, Manager Lamar, of the Interior Department team, trudged out to the Nationa ment team, trudged out to the National Bail Park with his proteges closely at his heels. He had promised to distribute several nice things if his men would make good, and incidentally take some of the stiffening out of the statisticians. They all pledged themselves to do their very best stunts.

ites at that station.

The topographers got their solitary tally in the initial inning, when Harley got a hit, and was advanced to third on Bradley's swat for two hassocks. He romped home with his taily on an out to first, and that was the last chance his messmates had at the counting block. The population takers did a little business in the scoring line in every inning except the third.

eighth time, but failed to loosen the cover upon the leather during their brief tarries at the plate.

This game practically ends the season in the department league. Two of the teams have dropped out, and the members of the other teams declars that it is too cold to amble over a field of fading verdancy at this season of the year.

tional Cycling Association medal for the track record. His time was 12:02:2-5. The motor race was for a purse of \$300,

Second heat won by E. L. Wilson; Ray Cogswell, second; W. N. Ward, third. Time, 12:47.

ime, 12:44.
Final heat won by E. L. Wilson, 98 oints; C. Miller, second, 88 points; Ray ogswell, third, 65 points. Time, 12:02:2-5.

NEARLY FAILED TO SCORE.

ail pledged themselves to do their very best stunts.

But when the game began their pledges counted for naught. They introduced a little football into the contest by way of novelty, and in consequence had the game lost in the first inning. Manager Lamar did not then throw up the sponge, but he resigned himself to prospective-defeat.

The First Street men went out with the determination to land the game. As a clincher they shoved Runkle, their star all-round player, on the rubber to educate the chesty topographers. Runkle did his part well, and held the Land Office laddles down to five scattering hits.

Nicholson, the Y. M. C. A. youth, who looked after the Interiorites' interest in the box, was touched up pretty lively in all of the limings except the third. In this inning he retired the side on three pitches, all of which were knocked into Harley's hands, who tossed them over to Devlin at first and nalled the Censusites at that station.

The topographers got their solltary tally in the total language was a support to the side on the property of the stall player when Harley's hands, who tossed them over the total language was Harley and

scoring line in every inning except the third.

They led off with two counters, by way of showing their opponents that they could get them if they needed them. They got one of their number across the finishing line in the second round, and three men rushed into camp in the fourth with runs to their credit. They added two counters in the fifth, and one man skeadadied across the pan in the sixth. The continuous performance ended only with the game, one man crossing the rubber in the seventh. The Land Office lads were given a chance to swat the horsehide for the eighth time, but failed to loosen the cover upon the leather during their brief tarries at the plate.

PLAYED WITHOUT SPIRIT.

An Albemarle School Eleven Meet

Washington and Lee. LEXINGTON, Va., Sept. 27.—Miller's industrial School, of Albemarie, was de-feated here this afternoon on the gridiron by Washington and Lee University-10 to 0. The game lacked spirit throughut and was devoid of brilliant plays. Both teams played substitutes in the econd-half. Miller's right half back had

NEW AUTOMOBILE RECORDS. Fournier Gives Another Exhibition

af the Fort Erie Track. BUFFALO, N. Y., Sept. 27 .- Henri Fournier made new records for circular track at the Fort Erie automobile races today. His tires were so badly worn from the twenty-five-mile ride of yesterday that he decided to go but two miles today. He overed the first mile in 1:13% and the second in 1:13%, the circuit of two miles being made in 2:26%. He would like to arrange a road race while here, but no progress has been made toward it.

THE RACING CALENDAR.

Local Athletes Who Will Compete in Today's Games.

The Y. M. C. A. track and field team will leave today for Baltimore, where its members will compete in the open games to be held this afternoon at Electric Park by the Baltimore Athletic Club. Physical Directors Rideout and Beckett will accompany the athletes and look after them, while a large contingent of the members will go along to "root" for the team.

team. The team is not as large as some that have heretofore represented the Y. M. C. A., but it has several good runners, who are likely to make it interesting for their competitors.

The entrants and the events in which they will compete are: Gill in the 889 yards and one mile; Spalding, 889 yards; Etchison, 220 and 440 yards; Whitney, 100, 220, and 440 yards; Parker, pole vault; Gleason, shot-put, pole vault, and running high jump.

CHOLERA IN INDIA. People everywhere are acquainted with the remarkable cures of milder forms of bowel complaints effected by the use of Chamberlain's Colic, Choiera, and Diarrhoea Remetly. It is not generally known, however, that this remedy has proved very successful in the treatment of Asiatic choicra and is now sold and used all over india. Mrs. Sd. L. Hiscocks, writing from Cher Read, Byculla, India, says, "I have used a good many bottles of Chamberlain'. Colic, Cholera, and Diarrhoea Remedy, and have found it invaluable as a cure as well as a preventive of cholera. So far I have never known it to fail if given in the early stagra." For alle by Henry Evans, Wholesale and Retail, and all druggists.
